All About Me

Hello everyone my name is Jewell Washington. I am kinda nervous so just bare with me. I am 20 years old. I am originally from California, but have been living in Little Rock for 3 years. I have 4 sisters, 3 on my mom's , and 1 on my dad's side. I am currently working at a women's clothing store called Dressbarn. I have been working there for about 8 months now.i have been loving it, set aside my amazing employees and boss, i get to shop till i drop, i get to help women put together beautiful outfits. The major I chose to pursue at UALR is computer science. I chose this as my major because I think it is really amazing to know how to build apps and design programs.Five years into the future i see myself working at a huge computer company and living in California. I am living in my first house and starting to enjoy my life. By that time I hope god has put someone special in my life. In my down time I love to watch or go to the movies. I have many different tv shows that i watch weekly, some of them are Teen WOLF, THE ORIGINALS, THE VAMPIRE DIARIES, and THE FLASH. My favorite genre to watch is science fiction. I cannot get enough of vampires and werewolves on Netflix. I also like to cook and bake new foods for my family to try out. An activity I like doing a lot is shopping especially online specifically for hair products. If you could see my dresser at home you would probably say i am a product junkie and i wouldn't even argue with you about it because you would be correct. Some of my favorite websites to shop on are

Amazon and Wish. I'm working on being better about that. My favorite types of music I like to listen to are R & B, country, and rap. To say the least, I am a chillax person to be around. I don't party a lot nor do I drink or do any drugs. I am very funny and goofy all the time. The question that makes me unique is that I am not like any other person. God specifically made me the way he wanted.
